BOOK CRAFTSMEN ASSOCIATES, INC., NEW YORK

In this, the third Hirschl & Adler Galleries' catalogue we take pleasure in offering for your consideration an entirely new selection of paintings acquired during the past season.

A perusal of the illustrations will reveal to the discriminating collector a broad range of schools, styles and subjects, with special emphasis given to the neglected Masters of the late 19th and 20th centuries.

While such a selection is necessarily broad, we have added each new painting with special consideration for your specific interests in choice collectors' items. We invite your inquiries—all paintings are subject to prior sale.
